

## Safe Product Use

Follow any enclosed instructions and refer to the product catalog for detailed product information. When using a product, the total system design must be considered to ensure safe, trouble-free performance. Function, material compatibility, adequate ratings, proper installation, operation, and maintenance are the responsibilities of the system designer and user.

**Improper selection or misuse of the product may result in serious personal injury or property damage.**

These instructions are also available in French, Italian, German, and Spanish.
