

Hose Selection

Essentials Training

Swagelok®

Swagelok Bangalore | Chennai | Delhi | Hyderabad

Understanding the fundamentals helps to extend hose production cycles, ensure safety, and lower the total cost of ownership. Instructors introduce common terminology, explain hose selection variables, and show how to select hose for different applications. Coursework includes standard practices for conducting hose inspections and best practices for preventive maintenance.

Topics Covered:

- Define common hose terms and terminology
- Describe how to evaluate hose fit for purpose
- Discuss hose selection variables
- Describe guidelines for hose installation
- List common issues found in hose applications

AUDIENCE

Anyone involved in the selection, installation or inspection of hoses

LENGTH

4 hours

CERTIFICATE OF COMPLETION

Provided upon successful completion of written examination
