January 17, 2022

Dear Valued Customer,

This letter is to inform you of a change in ownership from Mark Turner, Inc. (EIN 93-1236690) (DBA: Idaho Valve & Fitting, Salt Lake Valve & Fitting, Wyoming Fluid System Technologies, Swagelok Idaho | Salt Lake | Montana | Rock Springs) to **JD Kruse, LLC. (EIN 87-3013203) (DBA: Idaho Valve & Fitting, Salt Lake Valve & Fitting, Wyoming Fluid System Technologies, Swagelok Idaho | Salt Lake | Montana | Rock Springs)**. This change of ownership is effective January 1, 2022.

All quotes, orders, and invoices will continue to use our DBA's, and our remit to address remains unchanged, but our ACH account number may need to be updated for some. Please see the second page of this notice for accounting related details and to ensure you have the correct banking information on file for our company.

Due to issues that may arise with attachments, please follow this link to obtain a copy of our new W-9's. This change in ownership does require that we obtain a new ID, WY, NV, or UT tax exemption certificate (if applicable). Please forward any form(s) you may have for us to fill out, along with your tax exempt certificate(s) to [Lavina.Medina@swagelok.com](mailto:Lavina.Medina@swagelok.com).

This change in ownership will have no impact on ongoing projects, contracts, agreements, orders, or previously agreed to credit terms. Your contact persons will remain the same and we are fully prepared to answer any additional questions you may have. We value our relationship with your company and are committed to ensuring a seamless transition. Please feel free to share this communication with others in your organization.

Respectfully yours,

Shada Oblak  
Controller
