Swagelok Lunch & Learn Program

Got 60 minutes? Lunch & Learn Topics

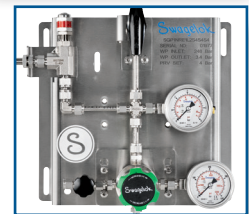

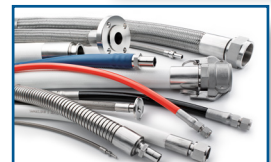

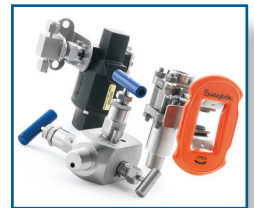

Choose your topic, pick a date, and we'll bring the lunch.

Swagelok NYC | NJ | Philadelphia offers an informative Lunch & Learn program designed to enhance your associates' technical knowledge and application understanding. Each session lasts approximately 60 minutes and is led by our local subject matter experts (SMEs). These educational events conducted at your site, provide attendees with valuable insights into Swagelok products, applications, and industry best practices.

Our team can also tailor these sessions to address your specific technical interests or operational requirements.

Typical Lunch & Learn topics include:

- Fittings
- Valve Essentials
- Regulator Basics
- Hose Selection
- Quick-Connects
- Gas Distribution Systems
- Engineering & Design Services

Get started

Contact your dedicated Swagelok Technical Advisor or contact us at 908.232.4444 or info@njfs.swagelok.com to get started planning your event.
