AT THE SHOW!****SPECIAL
EGCR
EDITION**

Visit Eastern Gas Compression Roundtable Booth #600 for the latest Fluid-System Product and Services Breakthrough Innovations from Swagelok, the global leader in safety, performance, and efficiency:

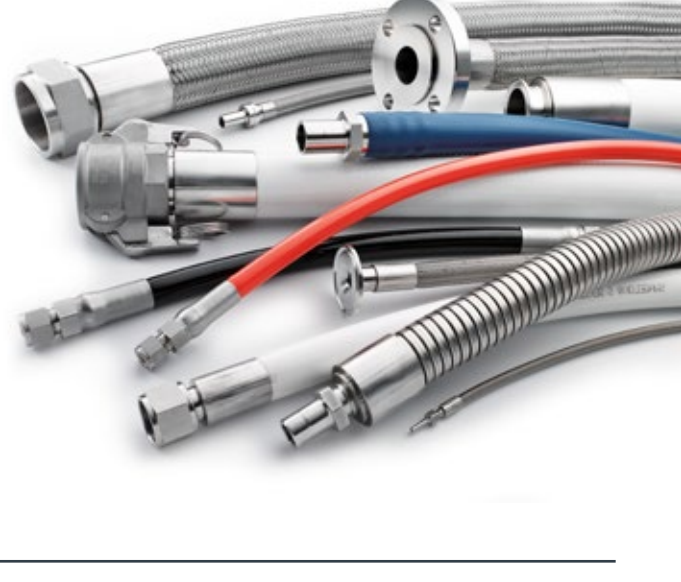

Grab Sampling Panels

Capture and maintain a chemically pristine liquid or gas sample from a pipeline, tank, or process via our GSM (Grab Sample Module) or GSL (Liquid-Only Module) panels for storage or transportation to your lab for analysis.

Industrial Hoses

Available in 4 premium-quality Core types: All-Metal, Fluoropolymer, Thermoplastic, and Rubber – with 11 different End Connection, 6 Cover, and 4 Tag options.

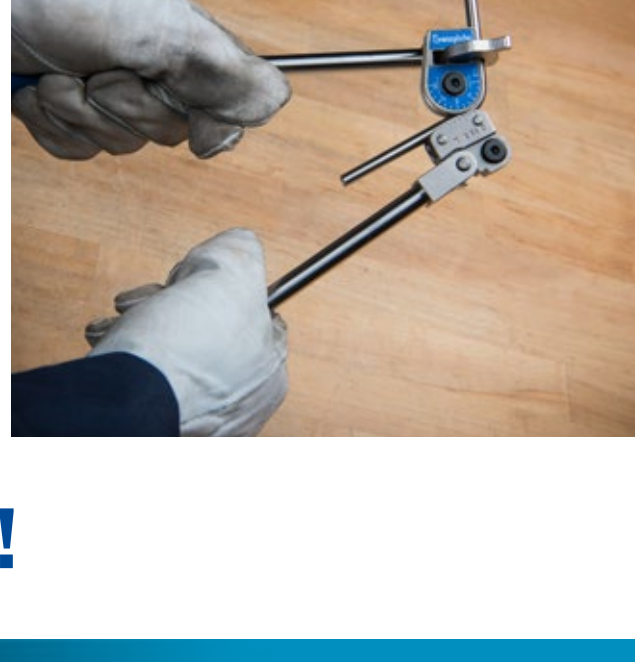

Hose Advisories | Energy-Loss Evaluations

Let us conduct on-site audits of your dangerous and costly leaking connections OR we can audit your current hose selection, storage, and sizing practices – to determine how you can quickly realize improved profitability.

Tube Fitting Installation & Tube Bending Safety Essentials Training

You will graduate confidently knowing how to cut and debur tubing, assemble and disassemble a tube fitting, identify basic thread and tubing types, master bending techniques, and, most critically, reduce overall system connections and leakage.

...and so much more!
