

Large or small.
Complex or simple.
New or existing.

Your Local Swagelok Pittsburgh | Tri State Area Design & Build Services will keep you safe, reduce your operational costs, and save you time and risk – no matter your requirement or how challenging your fluid-system application.

If you're short on manpower or lack the necessary skills and/or equipment to complete your current workload on plan and within budget, **we can lend you a hand.**

Actually, **the multiple hands of our Swagelok trained and certified master technicians**...who can follow your present design or recommend a new or revised one...

to construct premium-quality subassemblies to complete panels or enclosures – with wiring, automation, transmitters, relays, pumps, and more – as repeatable, tested, inspected, and professionally packaged solutions...all covered by the renowned Swagelok Limited Lifetime Warranty.

Plus, we have off-the-shelf standard configurations, including:

GRAB SAMPLING SYSTEMS

We offer an array of system configurations to meet the unique needs of your application.

Our closed-loop solutions deliver pressurized samples into pressure-rated cylinders; our liquid systems enable you to collect process fluid into glass lab bottles for analysis.

MECHANICAL SEAL SUPPORT SYSTEMS

Our kits and assemblies are available in a variety of API plan configurations – each built to exacting API 682 standards with greatly minimized connections and pipe threads to avoid dangerous/costly leakage.

GAS DISTRIBUTION SYSTEMS

Get gases from a high-pressure source to where they need to go at your application's specified flow and pressure rate. Ask about our four panel types: Swagelok Source Inlet, Swagelok Gas, Swagelok Changeover, and Swagelok Point-of-Use.

And we also offer many other Custom Fabrication capabilities:

- Gas Purge Panels and Enclosures
- Distribution Manifolds
- Custom Flex Hose Assemblies
- High-Volume Bent Tubing Assemblies
- Sample Cylinder Assemblies
- Standard Instrumentation Mounting Kits
- Ultra-High-Purity Welded Manifolds
- Instrumentation and Transmitter Assemblies/Enclosures
- High-Pressure Test Stands
- Simple and Highly Complex Tube Bending
- Heat Exchanger Tubing Coils
- Gauge Block-and-Bleed Valve Assemblies
- Automated Ball Valve Assemblies
- Preset Relief Valves
- Complete Sample Cylinder and Flexible Hose Maintenance Programs
- Expert CAD and P&ID Assistance
- Trusted Component Selection and Sourcing
- Proven Orbital Welding and Coiling Services
-and so much more!
