

ONE Swagelok – FOR ALL

Your Fluid-System
Challenges

Around the world – and right here in the Greater Pittsburgh/Tri-State Area, Swagelok is the trusted and proven leader in delivering safe, sustainable, and superior solutions for even the toughest Oil-and-Gas, Chemical, Power, Research, and General Industrial projects:

Leak-Tight, Ultra-Reliable Products

Tube Fittings

Count on reliable, leak-tight performance as a result of our proven design, manufacturing excellence, and superior raw materials.

Process Valves & Manifolds

Create a smooth transition from the process piping system to instrumentation in a single configuration, with fewer potential leak points.

Instrumentation Valves

Depend on leak-tight performance for years of use — even in the most demanding applications.

Packless Valves

Eliminate packing replacement and enhance clean operation with all metal seals to atmosphere.

Medium and High-Pressure Fittings, Tubing, Valves, and Accessories

Benefit from leak-tight gas seal and vibration resistance — even in high-risk, high-vibration environments.

Measurement Devices

Obtain accurate, on-demand pressure, temperature, and flow measurement readings.

Hose and Flexible Tubing

Keep your process performing safely with reliable, leak-tight connection technology, coupled with a wide variety of hoses for almost any application.

UNPARALLELED APPLICATION EXPERTISE

Let our Swagelok-certified professionals help you determine the ideal Swagelok products for your routine through highly complex jobs. We can provide insightful recommendations on how you can confidently and quickly reduce operational downtime and other major system inefficiencies....to keep you on-plan, on-time, and on-budget.

VAST ON-HAND INVENTORY

At all times, we stock more than 3,000 Swagelok SKUs in our 49 Meade Avenue warehouse – boxed and ready for pick up at our Will Call window or for fast, accurate (99%+) shipments to your facility or work site. We'll get you just what you need right when and where you need it.

STRATEGIC SUPPORT SERVICES

We're *so much more*, though, than just another componentry supplier. Our powerful portfolio of extensive local capabilities includes:

Design & Build/Fabrication Know-How...

...that will enable you to keep pace when your production schedules get tight – while significantly reducing your engineering, scrap, rework, inventory, and administrative costs. From sub-assemblies through complete instrumentation panels, we're nearby and waiting to take your initial idea to a masterfully constructed, easy-to-install, fully inspected and warranted outcome... delivered as one part number.

Safety Training...

...of an unparalleled depth of timely and leading-edge content – supplemented by actual hands-on practice – to substantially reduce your installation errors and excessive maintenance downtime. Our best value: Swagelok Tube Fitting Installation & Tube Bending Essentials, an all-day class that ensures students graduate knowing how to safely and properly pull up a fitting and bend tubing of various materials and diameters. Our place or yours...we supply all course materials!

Tool Rentals...

...that greatly lower your overall operating expenses: Why buy new when you can lease for short-term or infrequent use: Benchtop Benders, Orbital Welders, Multi-Head Hydraulic Swaging Units.
