

A New Year's Resolution to Keep:
Be Safer and More Profitable!

Contact us today to arrange your
2024 Swagelok Safety Essentials class –
 at your place **or** at our leading-edge
 Pittsburgh Training Center:

Email: rudy.frank@swagelok.com

Call or Text: 412.439.1706

We offer multiple titles

LOCALLY

to help you significantly improve

productivity, no matter how

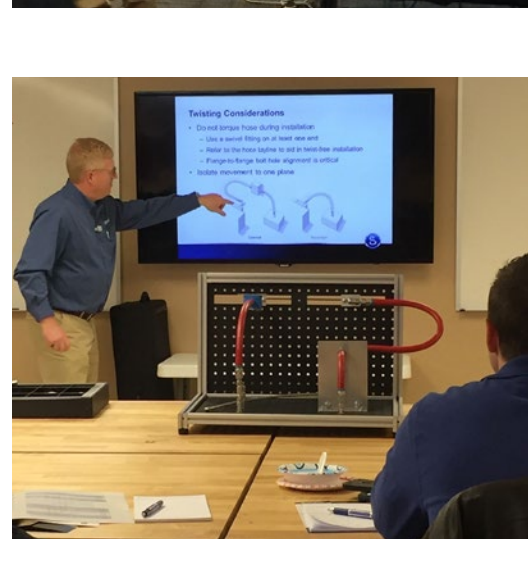

challenging your applications or

operating environment:

OUR ESSENTIALS SERIES

Swagelok Tube Fitting Installation & Tube Bending

- **ONE DAY.** Students will learn how to properly pull up tube fittings and how to bend tubing of various materials and diameters.

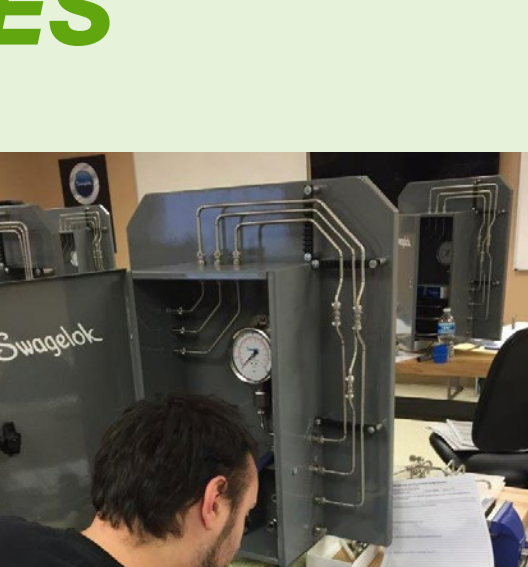

Swagelok Hose Selection, Sizing, and Maintenance

- **HALF DAY.** Students will learn to evaluate hose fit for purpose, route and size hose per application, and clean/store/inspect/maintain hose.

Swagelok Valve Selection and Maintenance

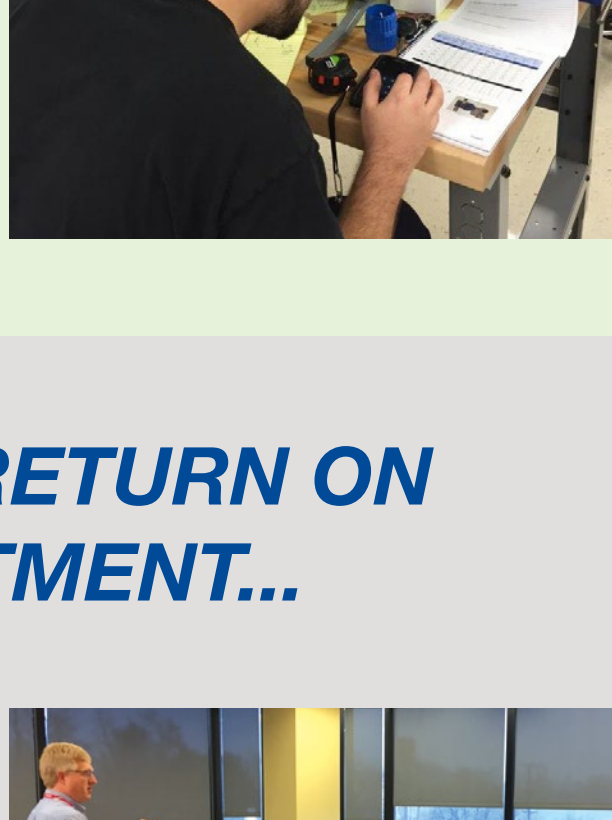

- **HALF DAY.** Students will learn how to choose, troubleshoot, and maintain valves as well as understand types, operations, and functions.

OUR MASTERS SERIES

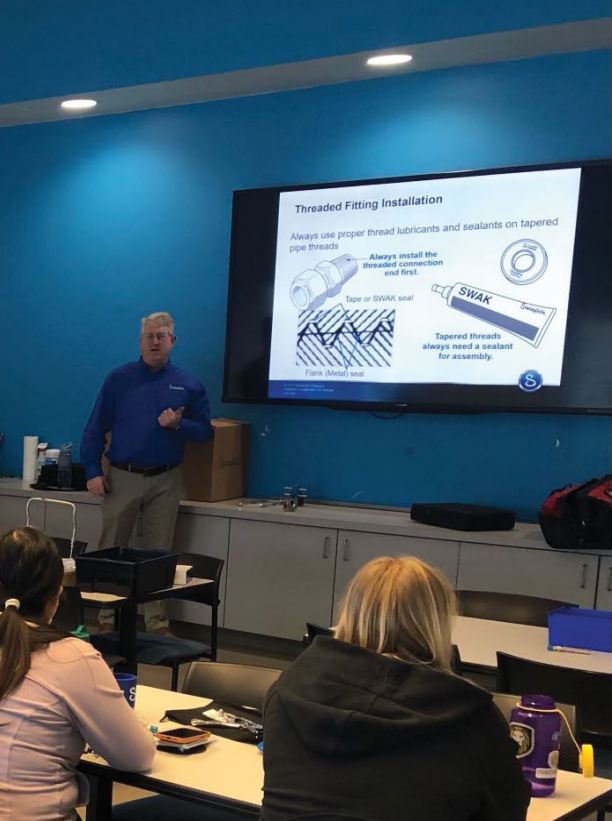

Swagelok Advanced Tube Bending

- **UP TO FOUR DAYS.** Students will learn how to master intricate bends: complex, offset, rolling offset, parallel, complex, segmented, and more. Two methods are taught: the traditional measure-mark-bend and, for ultimate accuracy and aesthetics, the Swagelok proven and enhanced technique.

AND FOR EVEN MORE RETURN ON YOUR TRAINING INVESTMENT...

You can combine the aforementioned courses into a one-week mega session, to get the full experience of all Swagelok safety classes! Many customers have chosen to do Install/Bending one day, followed by Hose and Valve the next, then Advanced Bending to close out their week of learning.

WHY SWAGELOK

- We offer an unparalleled array of pertinent and timely course titles.
- We can bring our training directly to your site or project location.
- All our classes include a full money-back guarantee.
- All graduates receive a genuine Swagelok Certificate of Completion, plus several valuable take-home items.
- We supply all class materials – students just need to show up!
- Our classes count toward **Continuing Education** credits.

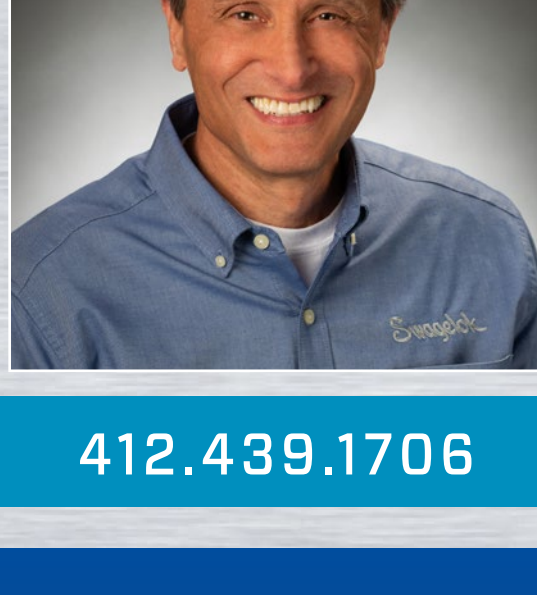

Swagelok® Technical Training classes deliver an unparalleled depth of timely and leading-edge content – supplemented with actual hands-on practice – to help significantly reduce your installation errors, excessive maintenance downtime, and overall operating expenses!
