

# Safety First

(Second, Third...)

Our **Swagelok Tube Fitting Installation & Tube Bending Essentials** class, first and foremost, makes your workers safer. It also makes them more productive. And that dual result means far less leakage and operational risk/worry for you...and a potentially huge positive impact on your Bottom Line.

***That's Our Swagelok Training-Delivery Promise!***

## HEAR FROM OUR GRADS

***"We were presented with an incredible amount of relevant content in a short period – and the instructor made sure we understood it"***

***"Class was truly fun – but just as challenging"***

***"Before this class, I wasted tons of time and material guessing about bends – not anymore"***

***"Instructor provided us plenty of time for questions and to share field experiences"***

***"Content was easy to follow and segued nicely between fitting installation and tube bending best practices"***

A few more reasons

## WHY SWAGELOK TRAINING

justifies your investment of time and budget:

- We offer an unparalleled array of pertinent and timely course titles.
- We can bring our training directly to your site or project location.
- All of our classes include a full money-back guarantee.
- All graduates receive a genuine Swagelok Certificate of Completion, plus several valuable take-home items.
- We supply all class materials – students just need to show up!
- Our classes count toward **Continuing Education** credits.

## Meet your instructor:

***MIKE GAGEL,***

*a Swagelok Company veteran with over 22 years of experience, our Strategic Services Specialist, and certified tube-bending master.*

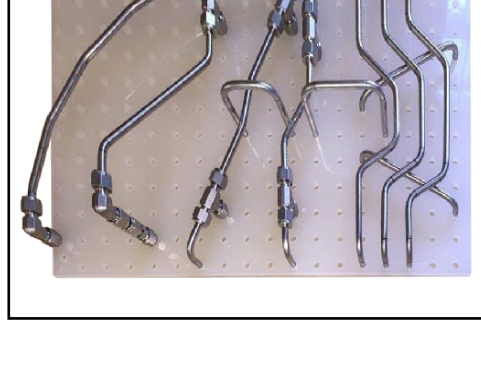

- Unparalleled depth of timely and critical content – supplemented by significant hands-on practice; ***you will graduate knowing how to safely, properly, and confidently install a fluid system***
- We can stop/start at your hours of convenience
- We can return for multiple sessions

## DRASTICALLY REDUCE

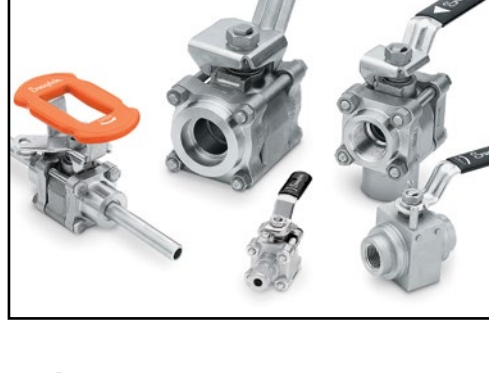

installation errors, excessive maintenance downtime, and overall operating expenses!

## PLUS, WE ALSO OFFER THESE LEADING-EDGE TITLES:

### Advanced Tube Bending

### Valve Selection and Maintenance Essentials

### Hose Selection, Routing, and Maintenance Essentials

***DON'T DELAY – Spring classes are booking fast!***
