ESSENTIAL STRATEGIC SUPPORT SERVICES

That's what Swagelok Pittsburgh | Tri-State Area delivers – especially for your most formidable and urgent fluid-system challenges!

The Products

Fittings

For unparalleled leak-tight connections between fluid-system componentry since 1947

Valves

Reliably control flow across a broad range of working pressures, temperatures, and operating conditions

Regulators

Consistently and accurately maintain pressure levels over extended operating lifespans

Hoses

Available in a vast array of materials, pressure ratings, and flexibility degrees

Assemblies

Designed, built, and tested by Swagelok-certified engineers and technicians

The Inventory

We have just what you need – right when and where you need it.

Always quickly and accurately shipped from our state-of-the-art carousel picking system.

The Know-How

Our highly skilled and knowledgeable external and internal sales associates are always ready and willing to help you choose the best Swagelok tool for a particular application, no matter what the industry.

AND we now have a powerful suite of Strategic Support Services

to supplement our numerous component offerings:

Safety Training

- **Fitting Installation & Tube Bending, Advanced Tube Bending, Valve Essentials, Hose Essentials**

- Each title available at your location or our leading-edge Pittsburgh Training Center

- We supply all training materials, even lunch

- We can also facilitate your participation in Swagelok-conducted classes:

Process Analyzer Sampling Systems, Steam Essentials, Orbital Welding, Advanced Materials

- We can start/stop at your hours of convenience

Custom Fabrication

- Sub-assemblies to large, complex panels and enclosures

- Specialties: Grab Sampling, Gas Distribution, Mechanical Seal Support

- All work warranted by Swagelok Company

- Dedicated bending, coiling, cutting, welding, testing, packaging stations

- Even P&ID and CAD support

System Evaluations

- Escorted walk-throughs of a pre-determined segment of your lines to determine media leakage by severity, safety risks, and profitability effects

- Audit of your industrial hose usage, routing, storage, and maintenance practices

- We don't just identify your problems, we make trusted and actionable recommendations

Tool Rentals

Always pristinely maintained and available: Manual Benchtop Tube Benders, Multi-Head Hydraulic Swaging Units, Orbital Welding Packages
