

PROFILES IN PRODUCTIVITY

Swagelok globally renowned Componentry delivers an ultra-reliable, leak-tight, profitability-boosting performance in even the most challenging Oil and Gas, Chemical, Power Generation, Clean Energy, and Research and Development applications.

Trusted and Proven PRODUCTS

Tube Fittings

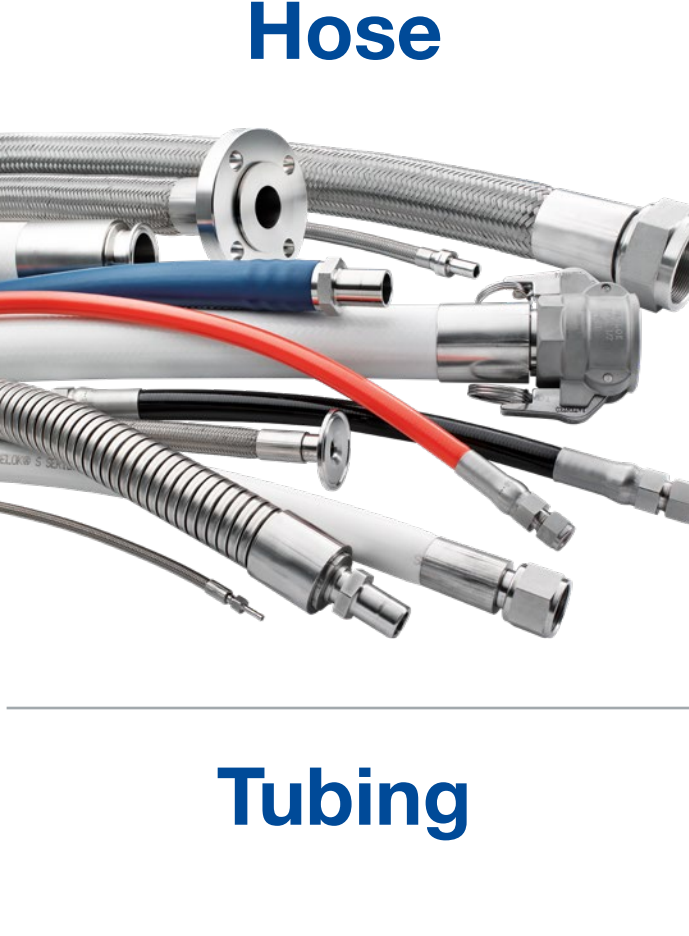

- Unparalleled design, manufacturing excellence, and made with the finest raw materials
- Available in 1/16" to 2" sizes in a vast variety of styles and configurations
- Superior gaugeability upon initial installation
- Easy to disassemble and reassemble

Process Valves and Manifolds

- Get from the process piping system to instrumentation with few leak points
- Available in sizes up to 2"
- Multiple special application types offered

Instrumentation Valves

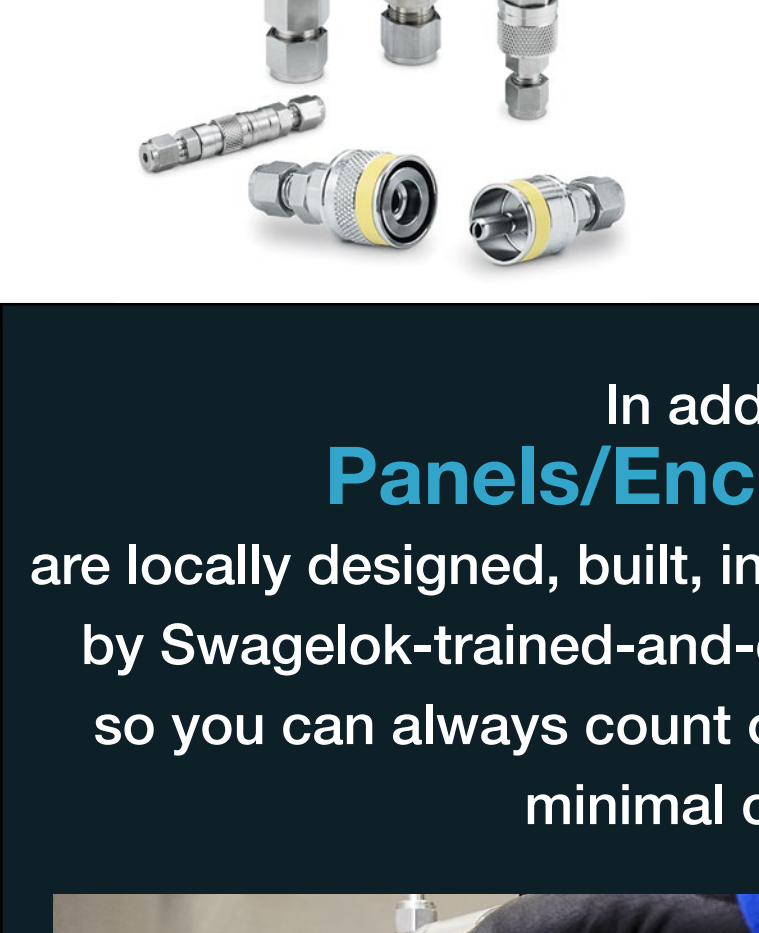

- Available in a large array of materials and sizes up to 2"
- Working pressures up to 15,000 psig
- Temperature range: -325° F to 1200° F
- Numerous end connections offered
- High-cycle, high-integrity sealing

Regulators

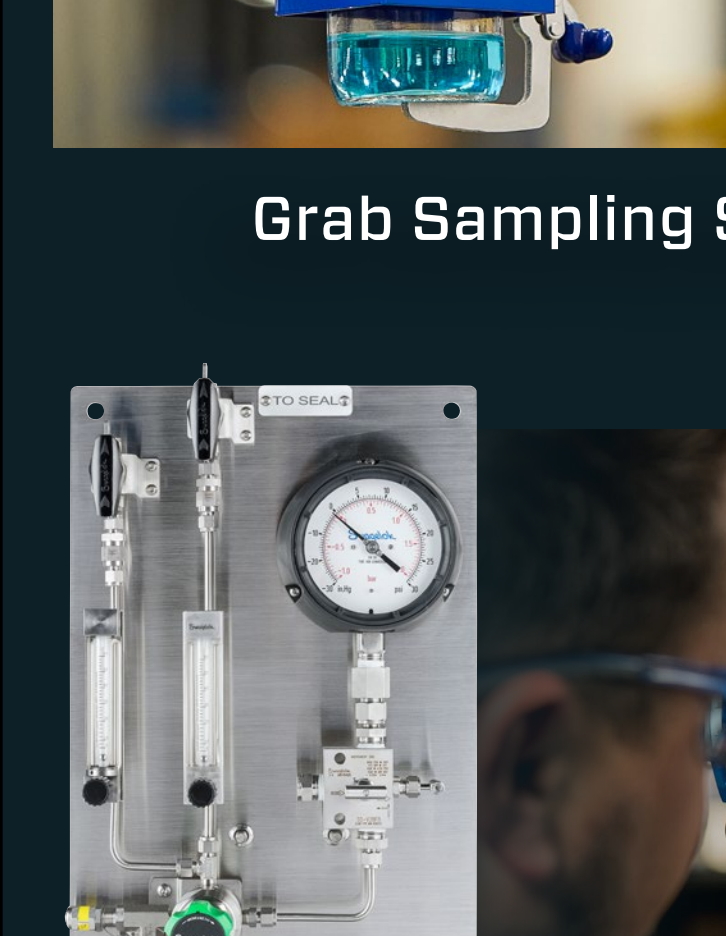

- Ensure the proper pressure is delivered across multiple applications
- Maximum inlet pressures up to 10,000 psig
- Pressure-reducing, changeover, back pressure, dome-loaded, and more

Industrial Hose

- Standard and custom lengths in a vast variety of materials and types
- Numerous end connections offered
- Broad operating temperature and pressure ranges
- Available in 1/8" to 2" sizes
- All-metal, PTFE, PFA, vinyl, polyethylene, and rubber cores

Tubing

- Instrumentation and ultrahigh-purity stainless steel, 1/16" to 4" OD
- Multiple varieties, including insulated and jacketed; pre-insulated bundles

Measurement Devices

- Gauges
- Thermometers/thermowells
- Vertical flow sensors
- Transducers

Quick-Connects

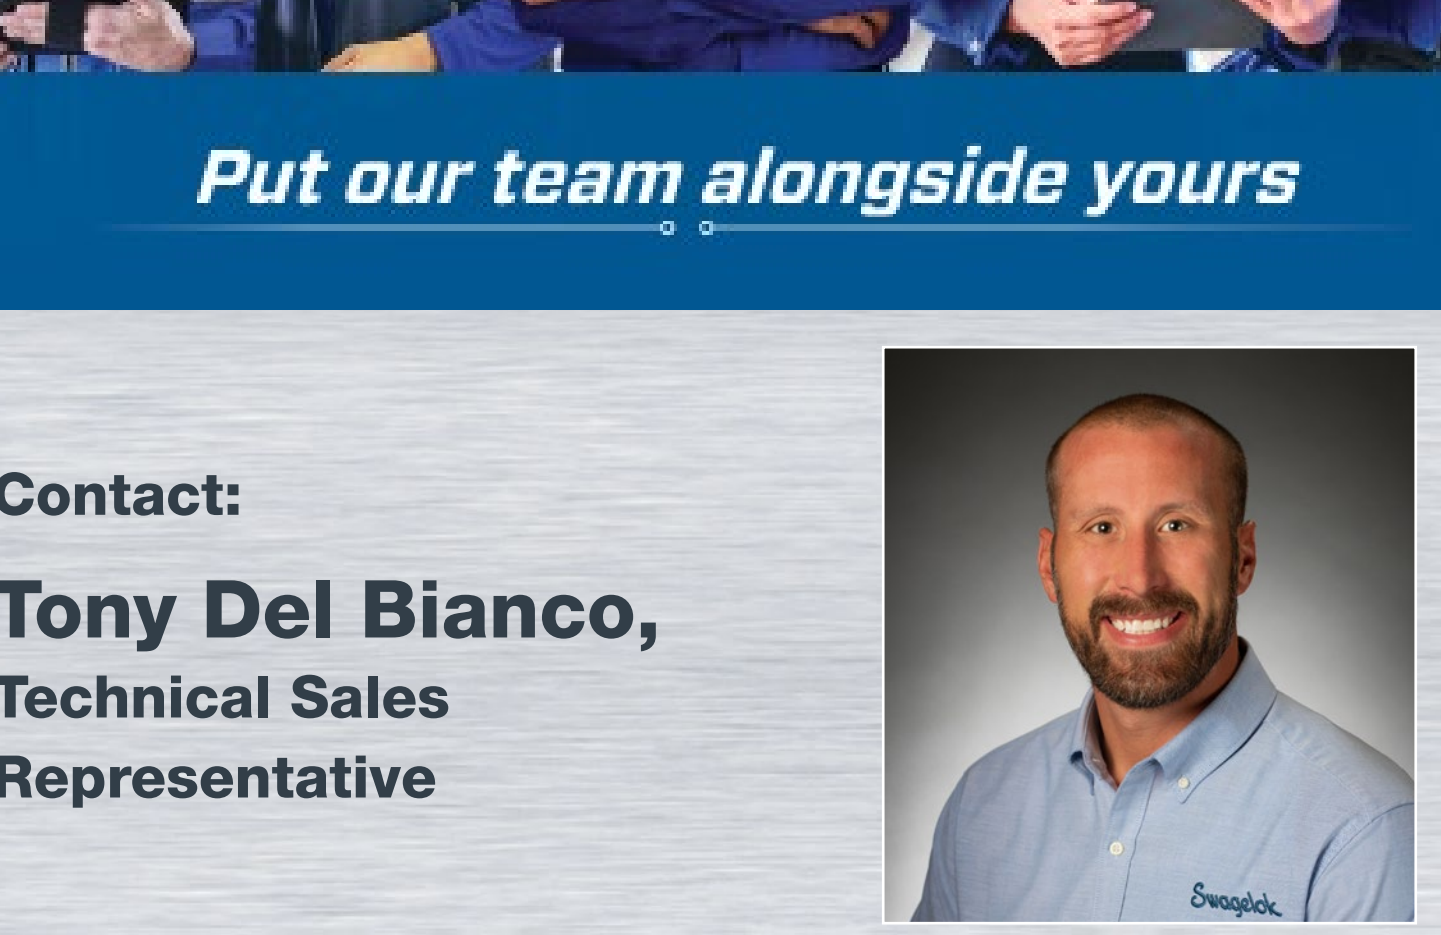

- Minimize spillage and air inclusion
- No twisting, turning, or wrenching required
- Push-to-connect design for simple operation

In addition, our Panels/Enclosures/Skids

are locally designed, built, inspected, tested, and packaged by Swagelok-trained-and-certified master technicians... so you can always count on safe, optimum output with minimal connections:

Grab Sampling Systems

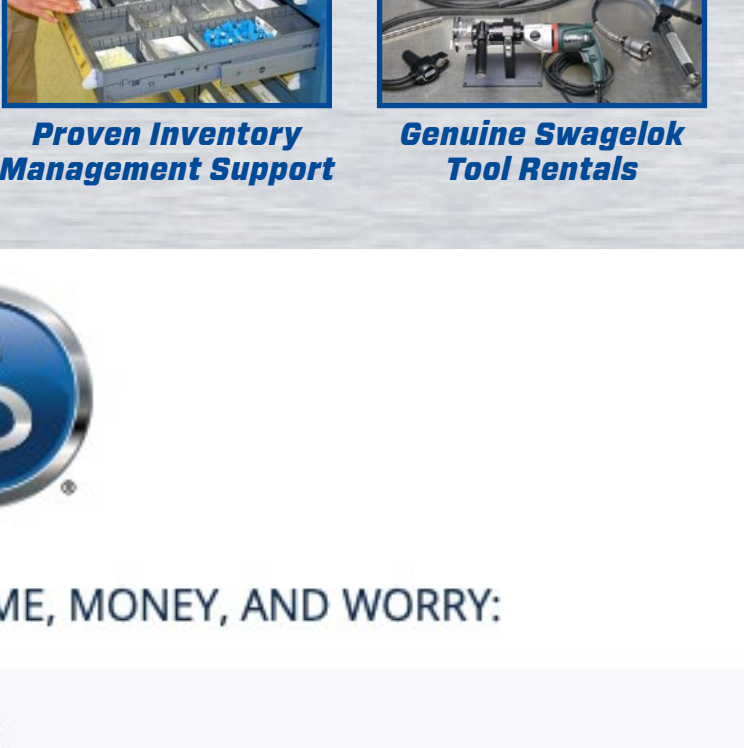

Mechanical Seal Support Systems

Gas Distribution Systems

Plus, we keep a massive **LOCAL** inventory of Swagelok products – so that we always have just what you need... right when and where you need it!

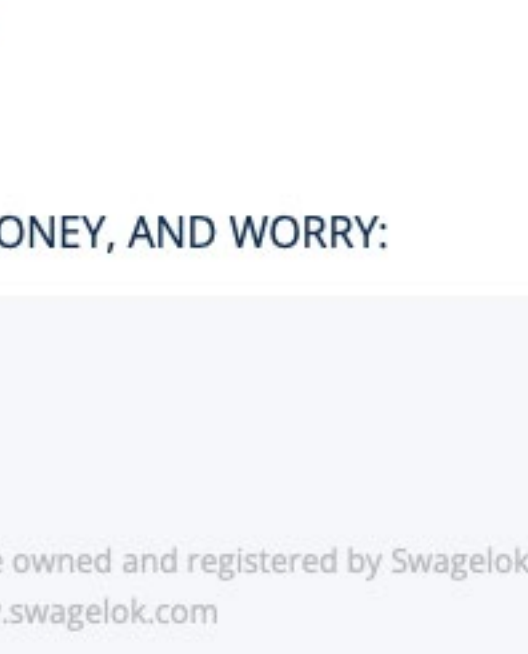

We're your partner for fluid-system safety and optimization.
