e-FLASH

MORE VALUE

Fact: Swagelok premium-quality, leak-tight Components delivers ***ultra-reliable and exceedingly consistent*** performance in even the most challenging Oil and Gas, Chemical, Power, General Industrial, and Research-and Development applications.

Fittings

Since 1947, the global industry standard for unparalleled connection safety and performance. Our design, manufacturing excellence, and use of superior raw materials makes our brand THE brand for consistently exceptional results, time after time after time.

Valves

Our process and instrumentation styles yield optimum productivity and profitability in even the most demanding jobs...in numerous sizes and materials, for a broad range of temperatures and working pressures. A wide variety of end connections available.

Hoses and Flexible Tubing

Offered in several core materials, pressure ratings, and degrees of flexibility – with multiple end connections, tags, and protective covers, we're your ideal component for flexible connections between stationary and moving equipment, connections that are temporary or involve frequent disconnects, or to isolate from high-vibration machinery

Pressure Regulators

Whether you choose our back-pressure, pressure-reducing, changeover, dome-loaded, or other types, you can be assured you'll realize accurate and expected pressure levels across a vast array of applications.

Measurement Devices

Swagelok gauges, flow sensors, thermometers/thermowells, flowmeters, and transducers provide you accurate, on-demand pressure, temperature, and flow readings.

YOUR LOCAL Panel Professionals

We can design and build safe, high-performance Instrumentation Panels to help you get more out the door on-time, on-plan, and on-budget:

- Gas Purge Panels and Enclosures
- Distribution Manifolds
- Custom Flex Hose Assemblies
- High-Volume Bent Tubing Assemblies
- Sample Cylinder Assemblies
- Standard Instrumentation Mounting Kits
- Ultra-High-Purity Welded Manifolds
- Gas Delivery and Distribution Panels
- Gas and Liquid Grab Sampling Panels
- Mechanical Seal Support Systems
- Instrumentation and Transmitter Assemblies/Enclosures
- High-Pressure Test Stands
- Simple and Highly Complex Tube Bending
- Heat Exchanger Tubing Coils
- Gauge Block-and-Bleed Valve Assemblies
- Automated Ball Valve Assemblies
- Asset Relief Valves
- ….and so much more!

Some of our globally renowned specialties:

GRAB SAMPLING SYSTEMS

GRAB SAMPLE MODULE | GRAB SAMPLE LIQUID

Safely, efficiently, and effectively capture gas and liquid samples for transportation to a lab for analysis. Whether you require closed-loop sampling into pressure-rated cylinders OR want to collect liquids and non-volatile process fluid into glass bottles, our options are safe, intuitive, easy to maintain, and available as a single part number.

GAS DISTRIBUTION SYSTEMS

SOURCE INLET | CHANGEOVER | GAS PANEL | POINT-OF-SALE

Make certain that gases get to where they're supposed to go. Our standardized and customized solutions protect operators, increase uptime, and substantially improve overall process accuracy and repeatability. Swagelok modular panels are intuitively labeled and feature minimal threaded connections, drastically lessening leakage potential.

MECHANICAL SEAL SUPPORT SYSTEMS

SEAL PLAN KITS | SEAL PLAN ASSEMBLIES

Ensure that your rotating equipment stays online and performs optimally – at less cost. We offer systems in various API plan configurations that are assembled according to exacting API Standard 682, *Pumps – Shaft Sealing Systems for Centrifugal and Rotary Pumps.*

THE SWAGELOK ADVANTAGE

Our 4 FOUNDATIONAL PILLARS *separate us globally and locally:*

1. ***SWAGELOK PRODUCTS*** – tube fittings, valves, gauges, hose, tubing, instrumentation panels, regulators – deliver premium-quality, reliable, repeatable leak-tight performance that you can trust in any environment or operating conditions
2. We always have just the "right" products right when and where you need them
3. We respond rapidly right when and where you need us
4. We offer proven answers for your toughest jobs
