PRODUCT
in
PRODUCTIVITY

Swagelok premium-quality, leak-tight Components deliver unparalleled performance in even the most challenging Oil-and-Gas, Chemical, General Industrial, Power, Research-and-Development, and other applications.

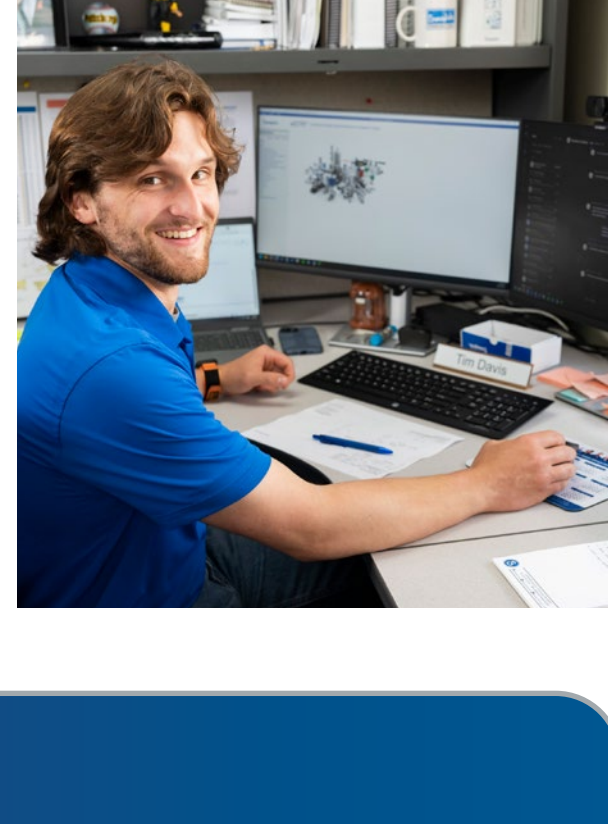

Uncompromising Quality.

Massive Availability.

Renowned Expertise.

When you purchase genuine Swagelok Tube Fittings, Valves, Gauges, Hoses, Tubing, and Instrumentation Panels, you receive ultra-consistent results, ensuring that your fluid systems run safely and optimally. But you can also count on us always having just what you need – **right when and where you need it.** And we ship with 99+% accuracy each and every order.

In addition, our highly trained outside and internal customer-first representatives can help you choose precisely which Swagelok products are the ideal matches for your specific requirements. Simply, we're there for you – **right when and where you need us.**

Fittings

For unparalleled leak-tight connections between fluid-system componentry since 1947

Valves

Reliably control flow across a broad range of working pressures, temperatures, and operating conditions

Regulators

Consistently and accurately maintain pressure levels over extended operating lifespans

Hoses

Available in a vast array of materials, pressure ratings, and flexibility degrees

Assemblies

Designed, built, and tested by Swagelok-certified engineers and technicians

We also specialize in:

GRAB SAMPLING SYSTEMS

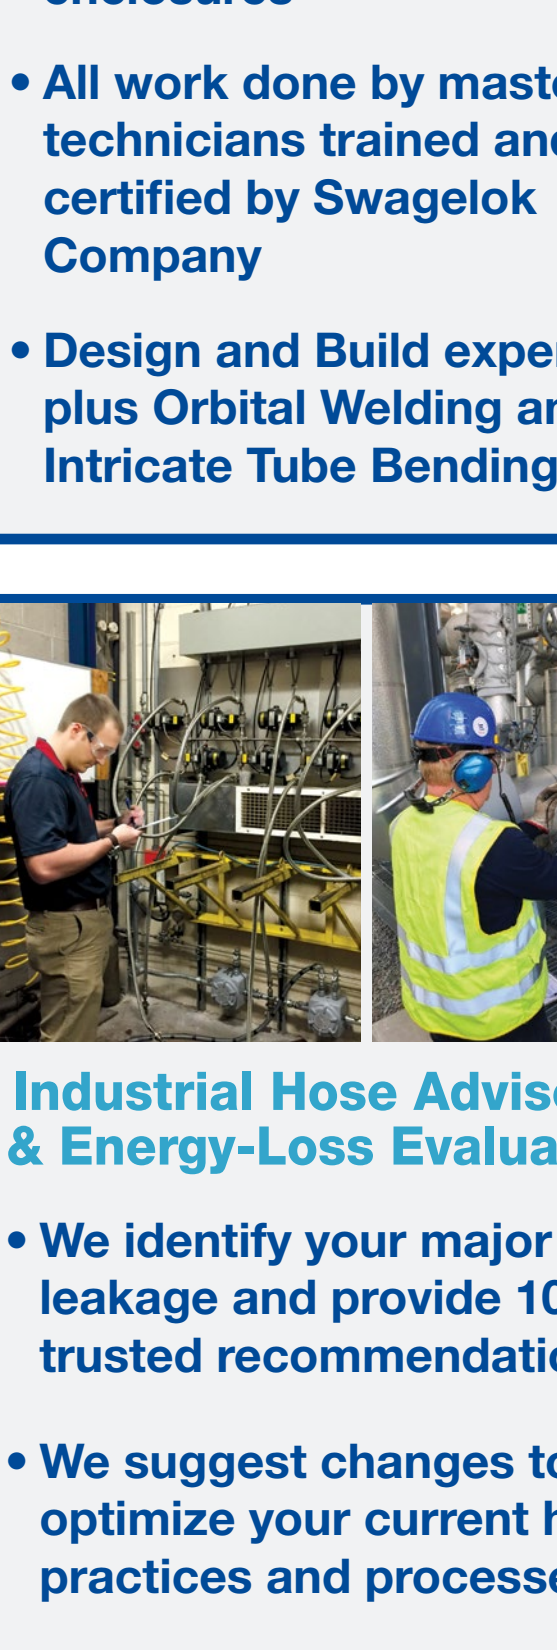

GRAB SAMPLE MODULE | GRAB SAMPLE LIQUID

Safely, efficiently, and effectively capture gas and liquid samples for transportation to a lab for analysis. Whether you require closed-loop sampling into pressure-rated cylinders OR want to collect liquids and non-volatile process fluid into glass bottles, our options are safe, intuitive, easy to maintain, and available as a single part number.

GAS DISTRIBUTION SYSTEMS

SOURCE INLET | CHANGEOVER | GAS PANEL | POINT-OF-SALE

Make certain that gases get to where they're supposed to go. Our standardized and customized solutions protect operators, increase uptime, and substantially improve overall process accuracy and repeatability. Swagelok modular panels are intuitively labeled and feature minimal threaded connections, drastically lessening leakage potential.

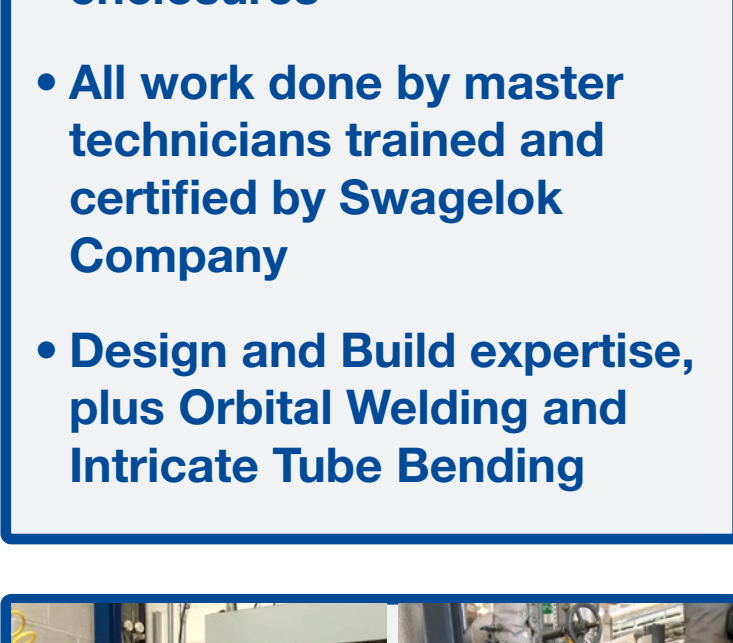

MECHANICAL SEAL SUPPORT SYSTEMS

SEAL PLAN KITS | SEAL PLAN ASSEMBLIES

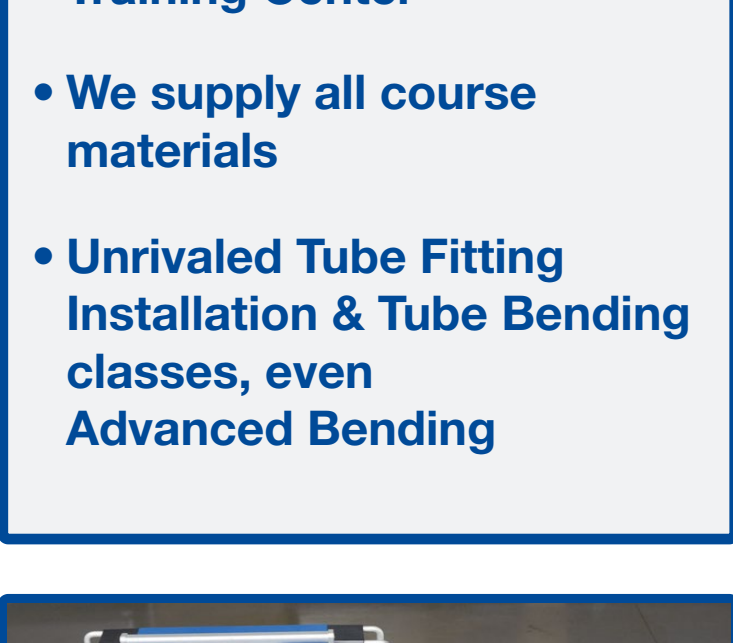

Ensure that your rotating equipment stays online and performs optimally – at less cost. We offer systems in various API plan configurations that are assembled according to exacting API Standard 682: *Pumps – Shaft Sealing Systems for Centrifugal and Rotary Pumps.*

Explore Our STRATEGIC SUPPORT SERVICES

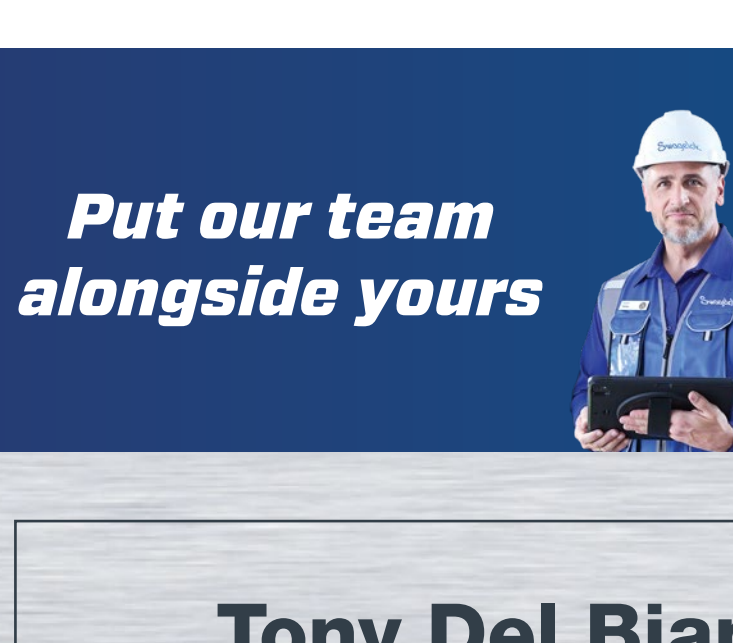

Custom Fabrication

- Sub-assemblies to large, complex skids and enclosures
- All work done by master technicians trained and certified by Swagelok Company
- Design and Build expertise, plus Orbital Welding and Intricate Tube Bending

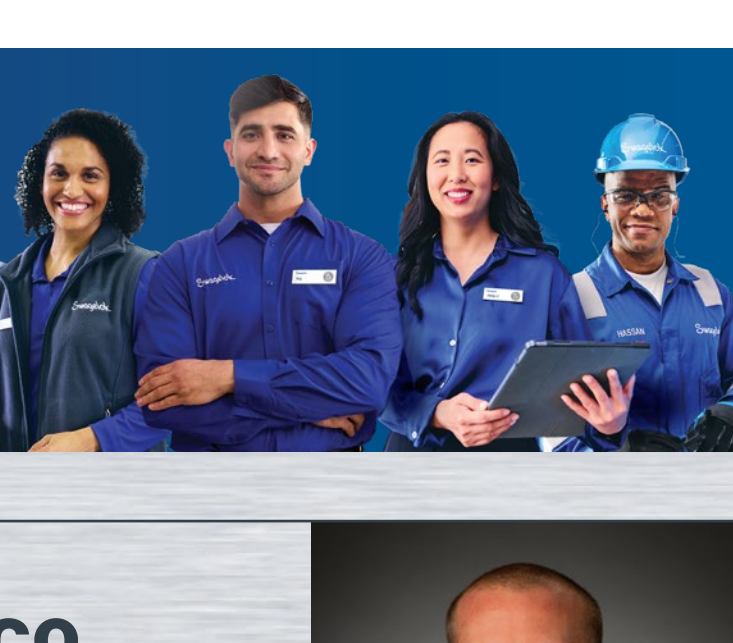

Safety Training

- Your place or at our leading-edge Pittsburgh Training Center
- We supply all course materials
- Unrivaled Tube Fitting Installation & Tube Bending classes, even Advanced Bending

Industrial Hose Advisories & Energy-Loss Evaluations

- We identify your major leakage and provide 100% trusted recommendations
- We suggest changes to optimize your current hose practices and processes
- Greatly minimize worker injury and site/asset damage

Tool Rentals

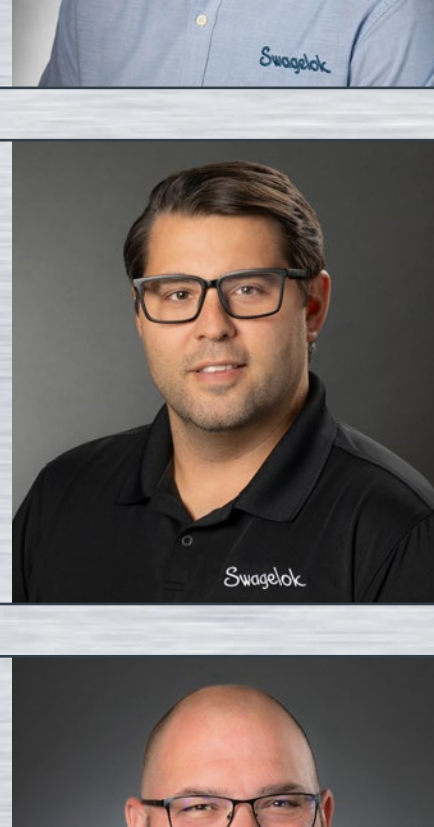

- Lease by the day, week, month, or entire project length
- Multi-Head Hydraulic Swaging Units, Benchtop Benders, Orbital Welding Systems
- Ideal and cost-effective for short-term or infrequent use

WE DELIVER DIFFERENCE-MAKING SOLUTIONS:

Products | Strategic Support Services | Application Know-How

The Brand. The Inventory. The Expertise.

WE'RE YOUR SWAGELOK FLUID-SYSTEM SOLUTIONS PROVIDER

Industry-Best Componentry

Masterful Custom Fabrication

Expert Safety Training

Extensive Energy Evaluations

Unparalleled Application Knowledge

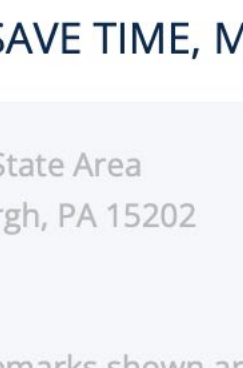

Comprehensive Hose Advisories

Proven Inventory Management Support

Genuine Swagelok Tool Rentals

WE CAN HELP YOU SAVE TIME, MONEY, AND WORRY:
