

IF ...you're tasked to do more with fewer workers and less budget
...you're worried about ensuring absolute safety of your people and assets
...you're challenged to maintain/improve overall operational efficiency

Swagelok Pittsburgh | Tri-State Area is *At Your Service(s)!*

- Trusted Technical Application Expertise
- Masterful Custom Fabrication Design and Build Support
- Comprehensive Energy-Loss Evaluations & Hose Advisories
- Unparalleled Safety Training

Since 1947, Swagelok® products have provided industry-best fluid system performance and economy, especially in your most severe Oil and Gas, Chemical, Petrochemical, Refinery, Steel, Power, and Applied Research applications and environments.

BUT... We now offer a vast portfolio of supplementary **Swagelok Strategic Support Services** to better enable you to realize an optimum return on your componentry purchases. For example, we can help:

...ease your manpower shortages during scheduling overloads by fabricating Swagelok-warrantied panels, skids, enclosures, and simple/complex assemblies.

...give you proven guidance on which Swagelok tube fittings, valves, gauges, hoses, tubing, and systems (Grab Sample, Seal Support, Small Bore...) will best match your particular applications.

...conduct thorough audits of your fluid systems to identify dangerous and costly gas or air leakage and poor Hose selection, sizing, and storage practices.

...teach your new technicians the safest and best ways to install tube fittings, bend tubing, differentiate and ideally choose available valves, hoses, and regulators; plus, we have in-depth classes on Sampling System and Process Analyzer maintenance and design, Orbital Welding, and Steam management.

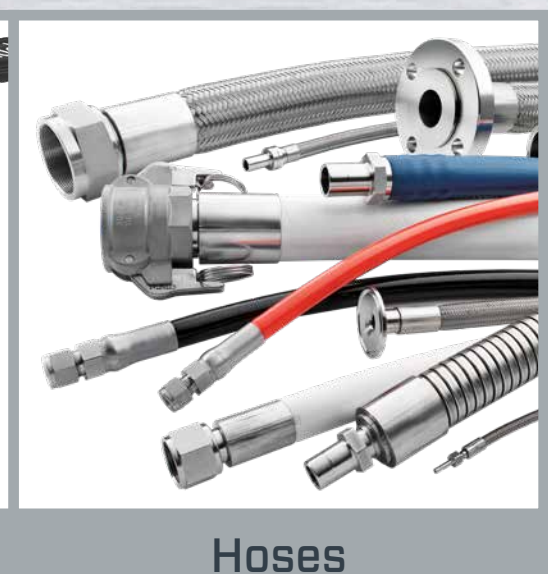

We deliver the Swagelok Product and Support Solutions to improve your Bottom Line health - as we help make you safer and more productive!

Tube Fittings

Valves

Hoses

Gauges

Grab Sample Systems

Seal Support Systems

Our Promise:

In each and every customer engagement and interaction, no matter how challenging your application or operating conditions, we will deliver premier-quality Swagelok Fluid-System Product Solutions and value-added Strategic Services that will positively impact your Bottom Line.

WE'RE YOUR SWAGELOK FLUID-SYSTEM SOLUTIONS PROVIDER

WE CAN HELP YOU SAVE TIME, MONEY, AND WORRY:
