SWAGELOK® ACTUATED BALL VALVES

Gain more control and increase performance by having instrumentation and process ball valves assembled with Swagelok® ISO 5211-Compliant pneumatic actuators and electric actuators.

Product offerings configurable to your application

In combination with our wide range of ball valve configurations and actuator selection with our localized inventory, we can reduce lead time and assemble your actuated ball valve directly at our certified facility.

Ball Valve Selection

- 2-Way Ball Valves
- 3-Way Ball Valves
- 2-Piece Ball Valves
- 3-Piece Ball Valves
- Stainless Steel Ball Valves
- Canadian-Certified Solenoid Valve
