SWAGELOK® EMBEDDED SYSTEM END USER LICENSE AGREEMENT

GENERAL
Any Swagelok® product that contains programmable logic or microprocessor ("Product") is being provided to Buyer/ Customer/User ("USER") with embedded firmware and software ("Embedded System"). USER agrees that the terms and conditions identified in this document ("Agreement") govern the USER’s purchase or use of the Embedded System. No modification to any of the terms and conditions of this document shall be binding upon Swagelok Company and its subsidiaries ("Swagelok") or its independent authorized distributors unless agreed to in writing and signed by Swagelok.

TRADEMARKS AND TRADE NAMES
Nothing in this Agreement or with the sale of the Product to USER shall be deemed to give any rights in connection with any trademarks, service marks, or trade names of Swagelok or any third-party product subject to these terms and conditions. Swagelok is a registered trademark of the Swagelok Company.

SOFTWARE OWNERSHIP AND USE
The Embedded System shall be and remain the property of Swagelok or third parties which have granted Swagelok the right to license certain software or its use with the Embedded System, and USER shall have no rights or interests therein except as set forth in this Agreement. USER is granted a non-exclusive, non-transferable, worldwide perpetual right to use the Embedded System received with the Product solely in support of and for use with the Product. USER shall not: (a) install or use on the Embedded System either support software or additional software that provides functions in addition to the embedded application unless that support software or additional software was provided or authorized by Swagelok; and (b) access and use desktop functions other than through or in support of the Embedded System. USER may not modify, reverse engineer, decompile, create derivative works, or attempt to derive the composition or underlying information, structure, or ideas of the Embedded System technology. The software is not fault-tolerant and is not designed, manufactured or intended for any use requiring fail-safe performance in which the failure of the licensed software could lead to death, serious injury, severe physical or environmental damage.

SOFTWARE MODIFICATION, RECOVERY, AND UPDATES
Only Swagelok provided recovery or update software may be used on the Embedded System. USER agrees that any license terms provided with updatre or recovery software along with this License Agreement shall govern USER’s use of the software. USER may use one copy of the update or recovery image for all USER purchased Product. USER must keep the update or recovery software and shall not provide, market, or otherwise distribute the updated recovery software which is a separate item from the Embedded System. USER shall either destroy or return to Swagelok any superseded update or recovery software provided to USER on external media.

WARRANTY
SWAGELOK HARDWARE: The standard Swagelok Limited Lifetime Warranty, incorporated herein by reference, applies to the Product hardware.

SOFTWARE AND FIRMWARE: Unless otherwise provided in a separate Swagelok or third-party license agreement, Swagelok warrants for a period of 1 year from the date of shipment that the media on which the Swagelok developed software or firmware is furnished shall be free from defects in material and workmanship and shall conform to the published or other written specifications issued by Swagelok when used with the Product. Swagelok makes no representation or warranty, expressed or implied, that the operation of the software or firmware will be uninterrupted or error free, or that the functions contained in the software or firmware will meet or satisfy the USER’s intended use or requirements or that defects in the Embedded System can be corrected.

Satisfaction of this warranty, consistent with other provisions herein, will be limited to the replacement, repair, or modification of, or issuance of a credit for the Product involved, at Swagelok’s option. This warranty shall not apply for (a) any alleged defect caused by misuse; neglect; improper installation, operation, maintenance, repair; alteration or modification; accident; or unusual deterioration or degradation of the software, firmware or parts thereof due to physical environment or due to electrical or electromagnetic noise environment; or (b) any use of the software on a program platform or application/assembly other than that originally supplied or specified with the Product. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES WHETHER EXPRESS, IMPLIED, OR STATUTORY INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, OR FITNESS FOR A PARTICULAR PURPOSE.

LIMIT OF LIABILITY
In the event that USER should be enjoined in any suit or proceeding arising from a claim for infringement of intellectual property rights from using the Product, except any suit or proceeding based on a design or modification of, or incorporation of, the software, USER shall have no rights or interests therein except as set forth in this Agreement. USER is granted a non-exclusive, non-transferable, worldwide perpetual right to use the Embedded System received with the Product solely in support of and for use with the Product. USER shall not: (a) install or use on the Embedded System either support software or additional software that provides functions in addition to the embedded application unless that support software or additional software was provided or authorized by Swagelok; and (b) access and use desktop functions other than through or in support of the Embedded System. USER may not modify, reverse engineer, decompile, create derivative works, or attempt to derive the composition or underlying information, structure, or ideas of the Embedded System technology. The software is not fault-tolerant and is not designed, manufactured or intended for any use requiring fail-safe performance in which the failure of the licensed software could lead to death, serious injury, severe physical or environmental damage.
