Dear Cecylia Garbacz,

Re: Reciprocal CRN Registration in Manitoba

As indicated by the Regulatory Reconciliation and Cooperation Table and the Reconciliation Agreement for the Canadian Registration Number (CRN) for Pressure Equipment, the design reviews conducted and accepted by the Canadian province or territory, or their delegated safety authority, will be mutually recognized in the Province of Manitoba. If a registration is conditionally based on compliance with the notes set by the original issuing Jurisdiction, such compliance shall be applied the same to this Province.

Your submission has been registered, as follows:

File Number:	74-R6270
CRN:	0C26601.54
Scope:	Attachment B. Scope of Registration for Swagelok Series SFRA & SFRS Pressure Regulator and documents attached to the Declaration
Manufacturer:	SWAGELOK
Expiry Date:	21 April 2036

Along with this letter is the invoice for registration.

In addition, every Pressure Vessel, Boiler, and Heat Exchanger shall be stamped with the registration number and as required by CSA Code B51, a Manufacturer's Data Report (MDR) must be forwarded to this office immediately at the time a unit is shipped to Manitoba. Send your MDR to gasupport@gov.mb.ca. In your subject line, indicate "*Manufacturer's Data Report-CRN No.*" A fee shall be billed to the Manufacturer to process data reports in accordance with the Steam and Pressure Plants Regulation section 17.1.

Please contact gasupport@gov.mb.ca for any questions or concerns.

Remarks

(other relevant information)

As an official of the manufacturer with authority, and having responsibility for the conformity and regulatory compliance of the fittings, I hereby declare that the information and statements made in this declaration of conformity are true and accurate.

I declare, under our sole responsibility, that the design, construction, certification, and marking of the fitting(s) listed in Table 1*, are subject to a conformity assessment process and quality program that has been verified, as described in Table 3***.

I certify that the fittings (s) listed in Table 1* conform to: the provisions of the acts and regulations of the provinces and territories where the fitting(s) are registered; CSA B51; and the codes, standards, guidelines, or other applicable documents listed in Table 2**.

I further declare that there is a process in place for the retention of this declaration of conformity for not less than 10 years from the issuance of the Canadian Registration Number (CRN).

Signed for and on behalf of Swagelok Company in the Solon of Ohio, USA

Attachment B. Scope of Registration for Swagelok SFR Series Medium Pressure Regulator (Category C)

This document represents the scope of the Swagelok SFR Series Medium Pressure Regulator covered by this submission for CRN approval. It has been evaluated in accordance with ASME B31.3-2024 Chapter IX, for unlisted components.

Summary Table

Product Description or Series	Main Pressure Bearing Component	Material	Port Connections and Sizes	Maximum Allowable Working Pressure (psig)	Maximum Working Temperature (°F)	Design Code of Construction
SFRA	Body	316 Stainless Steel (ASTM A479)	Cone-and-Thread Medium Pressure ¼, 3/8, ½, 9/16" FK Medium Pressure Tube Fitting ¼, 3/8, ½"	15,225	185	ASME B31.3 Chapter IX (For Unlisted Components)
SFRS	Body	316 Stainless Steel (ASTM A479)	Cone-and-Thread Medium Pressure ¼, 3/8, ½, 9/16" FK Medium Pressure Tube Fitting ¼, 3/8, ½"	15,225	185	ASME B31.3 Chapter IX (For Unlisted Components)

*The lowest temperature rating for the SFR Series Regulator is -40°F

SFRA (Ratio Dome)

SFRS (Spring Housing)

Product Options:

Some product options could affect the pressure-temperature ratings shown in the Summary Table, but in all cases the ratings are less than or equal to those shown in the Summary Table. An example of this would be optional seal/seal materials or alternative Port Connection types e.g. NPT.

Additional options that do not affect pressure-temperature ratings may be made available within the scope of this registration. An example of this includes SC11 cleaning, special production testing, accessory ports (for additional accessories or customer piping) and alternative housings (like Ratio Dome & Spring Housings).

All of the above options, those that affect pressure and/or temperature ratings and those that do not, are within the scope of this approval.

Quality System

The Swagelok Company quality system complies with the requirements of ISO 9001:2015. The Swagelok Company maintains British Standards Institution Certificate of Registration Number FM 01729, which applies to all locations listed on the Certificate.

References

The product catalog does not represent the full scope of the registration but rather details some of the most common options.
