High-Flow, Springless Diaphragm Valves

DF Series

- 316L VAR stainless steel body
- Working pressures up to 300 psig (20.6 bar)
- 1/4, 3/8, and 1/2 in.; 10 and 12 mm end connections
Features

Valve
■ Flow coefficient of 0.62 meets high-flow requirements.
■ No springs or threads in wetted areas improves cleanliness.
■ Fully swept flow path enhances purging and gas replacement.
■ Minimal PCTFE volume minimizes gas adsorption and desorption.
■ Fully contained seat insert increases cycle life.
■ High-flow Swagelok® “H” Type VCR® fittings, Swagelok VCR fittings, and tube butt weld end connections are available.

Pneumatic Actuators
■ Normally closed and normally open models are available for remote actuation.
■ Actuators require low actuation pressure.
■ Construction is lightweight aluminum.

Manual Actuators
■ Three-quarter turn actuation
■ Choice of seven handle colors

Round Handle
■ Window handle provides visual indication of open and closed positions.

Integral Lockout Handle
■ Standard padlock or lockout device secures handle in closed position.
■ Handle orientation provides visual indication of open or closed position.

Ordering Information and Dimensions

Dimensions, in inches (millimeters), are for reference only and are subject to change.

Pneumatic Actuator

Valves with Round Handles or Pneumatic Actuators

Select a basic ordering number, add a process designator (see page 2), then add a pneumatic actuator or handle color designator.

Examples: 6LV-DFHFR4-P-BK for P process, black handle
6LV-DFHFR4-P1-C for P1 process, normally closed pneumatic actuator

Valves with Integral Lockout Handles

Insert L into a basic ordering number, add a process designator (see page 2), then add a handle color designator.

Examples: 6LV-DFHFR4-P-BK for P process, black handle
6LV-DFHMR4-P6-BL for P6 process, blue handle
Options and Accessories

Polyimide Seat Material
- DF series valves with polyimide seats are rated for operating temperatures from 50 to 270°F (10 to 132°C).
- Pneumatic actuators contain fluorocarbon FKM O-rings.
- All other materials and ratings remain the same.

To order, insert V into the valve ordering number.
Example: 6LV-DFLVBW8-P-C

Panel Mounting
- Is available for round-handle valves.
- Includes threaded bonnet nut and 1 1/8 in. (24.4 mm) diameter hole.

To order, add -PM to the valve ordering number.
Example: 6LV-DHFHR4-BK-PM

Maintenance Kits

Diaphragm Replacement Kits
Kits include two diaphragms and replacement instructions.
Ordering number: E-3DK-DF

Actuator Replacement Kits
Kits include all components except body, seat, and diaphragms.

Actuator Kit | Ordering Number
---|---
Green round handle | PY-DF-K1-GR
Green integral lockout handle | NY-DFL-K1-GR
Normally closed pneumatic with Buna N O-rings | A-DF-K1-C
Normally open pneumatic with Buna N O-rings | A-DF-K1-O
Normally closed pneumatic with fluorocarbon FKM O-rings, for use with polyimide seat option | A-DFV-K1-C
Normally open pneumatic with fluorocarbon FKM O-rings, for use with polyimide seat option | A-DFV-K1-O

Select a kit ordering number.
To order a kit with a round handle or integral lockout handle of another color, replace GR with a handle color designator.
Example: PY-DF-K1-BK

Color Designator
- Black (BK)
- Blue (BL)
- Orange (OR)
- Red (RD)
- White (WH)
- Yellow (YW)

Multiport and Elbow Valves and Monoblock Manifolds
DF series valves are available in multiport and elbow configurations and monoblock manifolds; refer to Bellows- and Diaphragm-Sealed Multiport and Elbow Valves and Monoblock Manifolds catalog, MS-02-442.

Caution: Do not mix or interchange parts with those of other manufacturers.
Introduction
Since 1947, Swagelok has designed, developed, and manufactured high-quality, general-purpose and specialty fluid system products to meet the evolving needs of global industries. Our focus is on understanding our customers’ needs, finding timely solutions, and adding value with our products and services.

We are pleased to provide this global edition of the book-bound Swagelok Product Catalog, which compiles more than 100 separate product catalogs, technical bulletins, and reference documents into one convenient, easy-to-use volume. Each product catalog is up to date at the time of printing, with its revision number shown on the last page the individual catalog; for example, the Swagelok Gaugeable Tube Fittings and Tube Adapters catalog is MS-01-140, RevW. Subsequent revisions will supersede the printed version and will be posted on the Swagelok website and in the Swagelok electronic Desktop Technical Reference (eDTR) tool.

For more information, visit your Swagelok website or contact your authorized Swagelok sales and service representative.

Safe Product Selection
When selecting a product, the total system design must be considered to ensure safe, trouble-free performance. Function, material compatibility, adequate ratings, proper installation, operation, and maintenance are the responsibilities of the system designer and user.

Caution: Do not mix or interchange parts with those of other manufacturers.

Warranty Information
Swagelok products are backed by The Swagelok Limited Lifetime Warranty. For a copy, visit swagelok.com or contact your authorized Swagelok representative.
